

Occupational Health Screen Plus

"The Corporate Manslaughter & Corporate Homicide Act is adding even more responsibility to Directors & Management. Prevent plc's Occupational Health Screen will help companies even with a reduced budget protect themselves & most importantly their employees."

Geof Humphrey MBA.DMS.RN.FCMI..Nexus Occupational Health Services

What does Occupational Health Screen Plus cover?

Prevent plc's Occ Health Screen Plus very simply covers the following key issues;

- Eyesight to Occupational Health Standard
- Hearing Test using the very latest equipment
- Lung Function Test
- Skin Surveillance
- Hand Arm Vibration Syndrome Surveillance
- Health and Safety Questionnaire that can be specific to your industry

Plus

- Report to employee advising whether they should have further testing and advising them of your organisations policy on providing further testing.
- Medical Certificate of Attendance for your organisation that can be used to support your Health and Safety strategy.

What additional support can Prevent plc provide?

- The screens can be conducted at your workplace and at multiple sites. You just need to provide a small private room with a table and two chairs. However, the better the room the better the experience!
- The screens only last 20 minutes – the questionnaires are completed prior to the screen, saving time for your organisation.
- We can provide advertising material and booking administration support at no extra cost.

Our aim is to reduce the administration and time burden for both you and your organisation.

Plus...if you want to offer some health screen tests you can include the following for an additional £10 per person!

- Height, Weight, BMI, Body Fat, Blood Pressure, Cholesterol and Blood Glucose Test.

Offering health tests within Occ Health Plus is very popular. The reason for this is that the Occ Health element is seen by the employees as a benefit for the organisation. However, the health screening tests are much more interesting to the individual and add a real value and positive element to the overall programme.

Drugs & Alcohol Screening Programmes can set up on your premises for just £25 pp.

Existing clients using OH Services are;

Stanley Casinos, Allied Carpets, BT Rolatruc, Small House Homes, Weigtmans Solicitors, Selby College, Kent Police, HM Treasury and Focus on Blindness to name but a few.
