

Workplace Health Assessments

Prevent plc have conducted more than 50,000 health assessments in the UK.

- Conducted privately and confidentially within an office **at your workplace**
- Delivered by experienced screening practitioners and supported by GP's
- Designed in such a way that only clothes and socks need to be removed
- Results are advised during the screen along with expert advice specific to each participant
- Confidential report sent to participants home
- Consolidated results provided to client on request
- All marketing material, booking systems & administration provided free of charge – **there are no hidden costs**
- Online health assessments and ongoing health newsletters can all be included at no extra cost
- The health assessments can be paid for by the client or on an **employee 'self-pay' basis**

		<i>RRP £95</i>	<i>RRP £195</i>	<i>RRP £295</i>

"We were delighted at the number of employees that opted to have the Prevent health screens. The programme was well organised by Prevent, with most of the administration handled by their team. The positive feedback from employees ranged from the arrangement of the appointments, information being provided and the health screens themselves, has been excellent and we would certainly consider running further programmes in the future."

Steve Allen, Health & Safety, HM Treasury, 1 Horse Guards Road, London
